---	---	---

SAGE

Sage 700 #7e8772	Sage 300 #bec3b8
---	---

Accessibility: Purple 700 (#725e7e) is the minimum for text on white — passes AA at 5.8:1. Purple 500 (#987da8) fails for body text — use only on large headings (24px+). Purple 900 (#4c3e54) passes AAA at 9.9:1 — use for maximum contrast.

Typography

Fonts: Cormorant Garamond SemiBold (headings) + Inter Regular/Medium (body). Both are free Google Fonts. This pairing is kept from the current site — it's excellent.

HEADINGS — CORMORANT GARAMOND SEMIBOLD

Stop Managing Symptoms. Start Restoring Health.

Display — 40px / 1.15 line-height — Hero headlines

Restorative Reproductive Medicine

H1 — 32px / 1.15 — Page titles

Let's start with an analogy.

H2 — 28px / 1.15 — Section headings

How RRM Works in Practice

H3 — 24px / 1.15 — Subsections

Masterclass in Endometriosis & Surgery

H4 — 20px / 1.15 — Card titles

BODY — INTER REGULAR

RRM Academy is the leading educational platform for patients and professionals seeking to understand and apply Restorative Reproductive Medicine.

Body Large — 18px / 1.75 — Lead paragraphs

When the check engine light comes on in your car, you don't just put a piece of tape over it. You look under the hood to find out why the light is on. For over 50 years, women's healthcare has been putting tape over the check engine light.

Body — 16px / 1.75 — Default body text

All donations to the Restorative Reproductive Medicine Foundation, a 501(c)(3) non-profit, are tax-deductible. EIN: 93-4594315

Body Small — 14px / 1.75 — Secondary text

Huang Y et al. Front Endocrinol (Lausanne). 2024.

Caption — 12px / 1.5 — Labels, citations, meta

Button — Inter Medium 14px / 1.5 — Button labels

Buttons

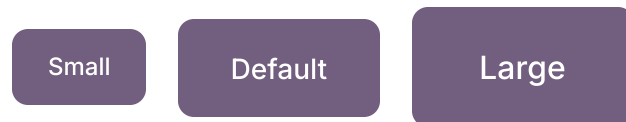

VARIANTS

WITH ARROW (CTA PATTERN)

SIZES

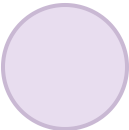

Fix from current site: The current site has no visible hover state — primary and hover are the same #725e7e. This design system darkens to #4c3e54 on hover. Hover over the buttons above to see the difference.

Spacing Scale

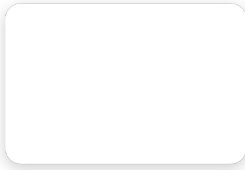

Base unit: 4px. All spacing is a multiple of 4.

spacing.1	4px	
spacing.2	8px	
spacing.3	12px	
spacing.4	16px	
spacing.6	24px	
spacing.8	32px	
spacing.12	48px	
spacing.16	64px	
spacing.24	96px	
spacing.32	128px	

Border Radius

				
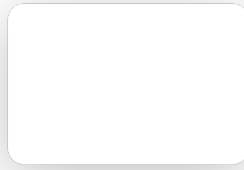

none	sm	md	lg	full
0px	4px	8px	16px	pill

Shadows

sm

0 1px 3px rgba(0,0,0,0.08)

md

0 4px 12px rgba(0,0,0,0.12)

Section Backgrounds

Rule: Standardize to these options. No ad-hoc tints.

White
#ffffff

Neutral 100
#f7f5f3

Purple 50
#f5f0f8

Cream
#eee5dd

Usage Rules

Do

- Use Purple 700 (#725e7e) for primary buttons, links, and nav
- Use Purple 900 (#4c3e54) for hover states
- Use Neutral 900 (#313131) for body text
- Alternate section backgrounds: white, neutral-100, purple-50, cream
- Keep heading hierarchy: Display > H1 > H2 > H3 > H4

Don't

- Don't use Purple 500 (#987da8) for body-size text — fails accessibility
- Don't use the same color for button default and hover
- Don't use more than 2 heading sizes on one section
- Don't introduce new colors outside this palette
- Don't mix section background patterns — pick one flow per page
